

Information Letter No.3 EuroDIG 2009

Hello Euro DIGGERS!

In less than two weeks time most of you will meet in Geneva 14th / 15th September 2009 at the EuroDIG conference. This information letter contains some short notes to create EuroDIG as a successful conference for you.

Workshops and plenary 's:

Detailed information respectively key participants, speakers and the agenda of each session are available at the website and will be updated regularly. We are pleased to offer interpreters for English and French translation in every workshop and plenary. Remote participation / live stream will be available, detailed information will be published soon at the website www.eurodig.org .

Registration:

Please register via online registration form if you haven't jet and make your choice, which workshop you like to join on Monday. Online registration will be closed on Friday 11th of September 2009 at midnight, but you will have the possibility to register on Monday directly at the EBU.

Accommodation:

As the organiser has no allocation arranged with a special conference hotel, we ask you to make your own reservation. We recommend the following web site for hotel booking: <http://www.geneve-tourisme.ch>

Transportation:

Geneva offers free public transport tickets to the visitors if you arrive at the airport. Detailed information how to proceed and where to go are available at the website www.eurodig.org

Related events:

We like to call your attention to some interesting events which are taking place in Geneva during the EuroDIG week:

Internet Rights and Principles Dynamic Coalition meeting in Geneva on Sunday 13th September at EBU

This is a multi-stakeholder workshop for all people who are either members of the Internet Rights and Principles Dynamic Coalition or who are interested in its work. The workshop is a mid-term meeting of the Dynamic Coalition and will consolidate the work have been done since the last Internet Governance Forum in December 2008.

More information available at <http://internetrightsandprinciples.org>

Informal Expert Workshop – Opening the Namespace infrastructures to Competition - Open Questions: challenges and opportunities in Geneva on Friday 18th September at the ITU.

The workshop, organized by Dr. Francis Muguet, is going to include in the morning, presentations and a round table, and in the afternoon, open discussions

More information available at <http://net4d.org/18sep09-index.html>

Looking forward to your active participation in EuroDIG 2009!

If you don't want receive this Information Letter in the future please send a short message to office@eurodig.org.
