

*Information Letter No.5 EuroDIG 2009*

Hello EuroDIGGERS!

It is been already one month ago since most of us meet in Geneva for the 2<sup>dn</sup> European Dialogue on Internet Governance. Thanks to you active participation it has been a real "DIALOGUE" and we can definitely call this initiative "The European IGF".

We are finalising now the "Message of Geneva" which will be available in Sharm El Sheikh and we are also planning the EuroDIG conference 2010. For this purpose we kindly ask you to spend 3 minutes on the [online survey](#). To answer these 12 questions will help us to develop EuroDIG in your sense.

As advised we established [mailing lists](#) according to the issues we discussed in Geneva. Please subscribe to the topic you are interested in and keep the discussion going on.

For some sessions we upload [audio files](#) on the web site and thanks to Claude Almansi we can offer more audio recordings of some speeches. You can find a Google docs list [here](#) and [contact Claude](#) if you like to receive the media file.

Keeps the DIALOGUE going on!

If you don't want receive this information letter in the future please send a short message to [office@eurodig.org](mailto:office@eurodig.org).
